

# First Aid Course Offered by Sheriff's Patrol

Beginning on February 8, the Wasatch County Sheriff's Office and local Jeep Patrol will jointly sponsor a series of first-aid classes in Heber. Moreover, it is in part, a continuation of a training program set up by the County Board of Health and Sheriff Witt several months ago. It will include 18 hours of intensive training in nearly all phases of emergency first aid. The course will be instructed by Sheriff Witt who has over twenty years experience in first aid training and instruction. Participants in the training, besides the Jeep Posse, will be the Heber City Fire Department and assigned individuals within the county from neighboring communities.

It is the goal of the County Health Board and Sheriff's Office to give such training to individuals in every quadrant of our county. Hopefully, at least two or three men from such areas as Wallsburg, Midway, Charleston, Daniel, etc., will be invited to attend. Various local town boards are asked to support this program in an effort to more prepare themselves for any type of emergency.

THE TRAINING will begin on Thursday, February 8th, at 7:30 p.m. in the multi-purpose room of the county courthouse. Those who will be involved should contact either the County Sheriff's office or any Jeep Posse officer indicating their intentions within the next few days.

tion is necessary for this regular dividend. It will be paid automatically.
